

SCHOOLS CLOSED FOR THE REST OF THE SCHOOL YEAR

April 9, 2020

Hi Everyone-

The Commissioner of Education has recommended that all schools remain closed for the rest of this school year that ends in June.

Based on her recommendation and the advice of the CDC, I am directing all of our schools to remain closed for the remainder of this school year. If we are fortunate enough to get the "all clear" anytime sooner, I will rescind that order to close- it's not looking likely but it sure would be nice. We're all in a different reality at this point and we appreciate everyone's tireless efforts to keep our kids connected. Our remote learning opportunities will continue throughout this period.

We will not be open for remote learning or lunches during the regular April vacation week (April 20-24). At this point, it looks like our school year will end three days earlier due to two snow days not taken and an April professional development day not taken. The Board members, principal, staff of the High School and I will be brainstorming ideas about an actual graduation ceremony. Hopefully, we can pull something together for this milestone event.

Thanks again and keep well, Lew
